1. Introduction

The delivery of a high quality, cost effective pensions administration service is not just the responsibility of the Administering Authority (Westminster City Council), it also depends upon collaborative working with all stakeholders to ensure that Scheme members, and other interested parties, receive the appropriate level of service and ensure that statutory requirements are met.

The aim of this Pension Administration Strategy (PAS) is to ensure that the Administering Authority along with their Admitted and Scheduled body employers are aware of their responsibilities under the Local Government Pension Scheme (LGPS).

This document also shows the relationship and details the split of responsibilities between the Administering Authority and the Admitted and Scheduled body employers (Employers).

For clarity Westminster acting as Administering Authority (WAA) for the pension fund will treat Westminster the main fund employer (WFE) exactly the same as all the other fund employers.

It should be noted that the Administering Authority is working with Surrey County Council (SCC) to provide the main pension administration service to all fund employers under a 101 shared service arrangement.

Throughout this document contractual and best practice levels of performance are referenced with the aim of incrementally improving the provision of timely accurate data and levels of pension administrative services.

Failure to comply with the standards shown in this document could result in charges being levied by the Administering Authority to Employers in accordance with the terms set out in the schedule of charging in Section 6.

2. Pension Administration Strategy Statement

This statement sets out the aims and objectives of the PAS and references other documents which together make up the overall pensions administration management system.

Statutory background

Regulation 59 of the Local Government Pension Scheme Regulations 2013 (LGPS 2013) enables an Administering Authority to prepare a document detailing administrative standards, performance measurement, data flows and communication vehicles with Employers.

Regulation 70 of the LGPS 2013 allows an Administering Authority to recover costs from an Employer where costs have been incurred because of an Employer's non-compliant level of performance in carrying out its functions under the Regulations.

Aims & Objectives

In creating this strategy, the aim of the Administrating Authority is to have in place a pension management system that meets the needs of the stakeholders by:

- clarifying the roles and responsibilities of all the major stakeholders
- ensuring the services provided by all the major stakeholders are accessible, equitable and transparent
- assisting Employers to provide the effective provision of timely and accurate data

To support these aims this PAS document introduces:

- the standard of expected service between the Administrating Authority and Employers
- a schedule of charges that apply when standards of service fall below expectations
- a strategy in place to develop web enabled services for Employers and employees.

Other documents which make up the overall strategy

- Local Government Pension Scheme Communications Policy

10. To maintain an appointed person for the purposes of the scheme internal dispute resolution procedure (IDRP). The appointed person will in general be the Director of People Services or where the Director had previously been involved in the case an officer of equivalent level will be asked to make a determination. 2. To decide whether that person is employed in a full time, part time, variable time or casual capacity. If the employee is part time the employer must determine the proportion which the employees' contractual hours relate to the hours of a comparable full time, employee.
3. To determine the pay of employees for the purposes of calculating the pension contributions.

The information should also distinguish those amounts representing deductions for voluntary contributions and the employees paying those voluntary contributions.
16. To be responsible for complying with the requirements for funding early retirement for whatever reason as required by the Administering Authority using actuary factors.
17. To cover any professional costs for legal or actuarial services that are incurred by the administering authority on behalf of any employer investigating any amendment in relation to its member's of the scheme. An example of this would be where an (transferee) employer wishes to tupe eligible staff to another employer (transferor) and the transferor wishes to become an admitted body within our fund. The transferee employer would be expected to meet the actuarial and legal costs associated with the process and will be invoiced for this. Costs may occur in other circumstances where employers require an individual response on either a legal or actuarial matter.
18. Pay the Administering Authority interest on payments due from the Employer which are overdue by more than one month.

23. The employer must advise the Administering Authority of any change of contact details for the payroll or finance functions for communication purposes.

6. Pensions Administration Strategy - Schedule of Charging

Westminster acting as Administering Authority (**WAA**) wishes to support it's fund employers to enable them to provide all relevant data to both members and to WAA as per the requirements of the PAS set out above. Any employer who is unclear on the requirements of the PAS or is struggling with any aspect of the requirements should inform WAA of any concern as soon as possible, WAA will provide support where it can. WAA's first priority is to ensure compliance for the benefit of members and employers, ensuring that accurate data is stored for members. That pension can be processed quickly and accurately when required and that WAA and it's employers all meet their statutory obligations.

Where additional costs have been incurred by the Administrating Authority as a direct result of an Employer's poor performance these costs will be recovered from the Employer.

The Administrating Authority will give the reasons for doing so in accordance with the regulations.

In addition to the schedule below other circumstances could generate a charge:

- Instances where the performance of the Employing Authority has resulted in fines being levied against the Administering Authority by the Pension Regulator, Pensions Ombudsman, HMRC or other regulatory body.
- Additional cost incurred in providing specialist third party advice in administering the Scheme on behalf of the employer, including but not exclusive to actuarial services, occupational medical practitioner services and legal services.
- Persistent failure to resolve issues in a timely and satisfactory fashion.

In these circumstances the Administrating Authority will set out the calculations of any loss or additional cost incurred, in writing, stating the reason for the cost(s) and the basis for the calculation.

WAA will monitor aspects of the PAS on a quarterly basis, the aspect monitored may change and not all employers data will necessarily be reviewed on each occasion. WAA will be reviewing data from SCC to ensure it's own compliance which will be reported on to the Pension fund Committee and the Pension board. WAA will also seek evidence from SCC of employer compliance with the PAS but may also request data directly from the employer who will be expected to respond with relevant evidence or assurance of compliance where relevant. If an employer does not respond to any request for information within **30 days** of request then this will also be chargeable at **£200** an occasion.
